Commitment to Immigrants and Migrants

We, the Sisters of Charity of Nazareth and our Associates, affirm that every human being is created with inherent dignity and sacred worth. We recognize the immense contributions immigrants and migrants make to our communities.

Guided by our Mission Statement and the call of Pope Leo XIV through *Dilexi Te*, we are committed to the empowerment of immigrants and migrants who face marginalization, discrimination, and systemic barriers.

We stand in solidarity with immigrants and migrants and reaffirm our commitment to advancing justice, expanding opportunities, and creating a society where all people can thrive.
